Working at Fairmont

We believe our service users deserve the best staff. We recruit, train, and support people who are able to sign up to our mission and goals and put the service users first. As a member of staff you will always remember you are working in the service user's home, ensuring they can lead active and fulfilling lives. If you can sign-up to this commitment then we welcome your application to work at Fairmont.

About us

Founded in 2007, Fairmont Residential has quickly developed a reputation for providing the highest quality residential care homes, services and outcomes for young adults with Autism Spectrum Disorder and a Severe Learning Disability. Our specialist approach enables people, whose complex behaviour can challenge others, to progress and achieve positive outcomes.

Our Mission

We create comfortable, safe and secure homes for the people in our care. We ensure through a personalised, consistent and structured approach that our Service Users develop to their full potential. Our activity programmes reflect Service User preference and choice ensuring life is enjoyable.
